Make a date with our events manager  
and let the magic begin

*Happily Ever After  
Starts Here...*

## Creating a day as individual as you are!

At Herriots we understand that your wedding day is as individual as you are and should therefore reflect your personalities.

Our wedding co-ordinator will be with you every step of the way to help you plan your day and advise on the personal touches that will make it special for the both of you, your family and friends.

There are many things to consider when getting married and so it is important that firstly, you discuss as a couple, how you would like your wedding day to be. What type of ceremony would you like? Do you want to get married in a church or have a civil ceremony? What things are important to you – specific date, location, food, colour scheme, entertainment, numbers of guests etc.

You then need to prioritise these things and plan your budget so that you get the most from your special day!

Just as importantly and unlike many of the larger hotels, they will also be there on the day so that you can relax and savour every moment, whilst we take care of every detail. We are a privately owned hotel and pride ourselves on individuality. We have over 25 years of experience in bringing to life the thoughts, wishes and dreams of each of our couples, helping them to create their special day.

We recognise that already, you have a lot to think about and therefore have put this guide together to help you start to plan your day exactly how you want it.

*We are with  
you every step  
of the way . . .*

Herriots Hotel has received the Tripadvisor award for excellence continuously each year. This is a testament to the dedication and outstanding efforts of our staff. Our objective is to ensure every guest enjoys their experience and leaves wanting to return.

This once again being confirmed as finalists for the consecutive years for **‘Small Hotel of the Year’ in the White Rose Awards and the ‘Best Wedding Venue category’ in the North of England Wedding Awards.**

*. . . in creating  
your dream  
day*

## Setting the Scene

An important factor for many couples is choosing a venue that provides a romantic setting for their photographs that will capture the memories of their special day for years to come. Situated right on the canal side, directly across from Aireville Park, Herriots creates endless photo opportunities for couples and their photographer. Our picturesque courtyard creates a sheltered sun trap for reception drinks, whilst the conservatory, which overlooks it, is an equally charming backdrop whatever the weather.

## Ceremonies and Receptions

Once you have decided on when and where you would like to get married the first things you must book before anything else are the church or registrar and the venue.

We hold a civil wedding license for our Restaurant, Conservatory and Rosewood Suite. Civil ceremonies are becoming more and more popular as they give you more flexibility to tailor the ceremony to you. Choosing just the one venue removes the problem and costs of transporting you and your guests from the church to the reception.

The proceedings that relate to a civil wedding ceremony must be organised through Skipton Registry Office. This must be arranged directly by you as the hotel cannot be involved in the actual ceremony details or take responsibility for any of these arrangements.

We can however, help you choose a suitable room in relation to your numbers and advise you on different room layouts, along with ideas for decorating the room.

Room hire charges are applicable and the type of room most appropriate will depend on your number of guests.

## Civil Ceremonies

At Herriots we hold a civil wedding license for our Restaurant, Conservatory and Rosewood Suite.

Rhubarb Restaurant can cater for up to 50 guests

The Conservatory can cater from 50 to 80 guests

The Rosewood Suite can cater from 60 to 100 guests

It is important that your guests are accommodated in an appropriately sized room therefore the hiring of each of the rooms is subject to numbers.

You may wish to choose a larger sized room for your Wedding, however should your numbers fall to below 60% of the capacity of that room we reserve the right to host your function in one of the smaller rooms

To book the registrar for your Wedding or to check availability please contact Skipton Registry Office on **0845 034 9488**.

There will be a charge for the Registrar, which needs to be paid directly to them and is not included in our packages.

## Reserving the Date

In order for us to give your event the attention it deserves we ask that you contact the hotel initially so that we can arrange an appointment for you with our wedding co-ordinator. This is an exploratory meeting and does not commit you to anything.

At this initial meeting we will show you around the hotel and offer advice and ideas of how you might wish to plan your day. You may at this time wish to discuss available dates. We also have a portfolio of previous weddings to help give you some ideas.

A provisional booking can be made at this stage however, this may only be held for 14 days. On confirmation of your date a non-refundable deposit of £350.00 will be required.

## *The detail is in the planning*

Approximately 12 weeks prior to the wedding, a further more detailed meeting will be held in order to fine-tune every single detail of your magical day.

Things to think about for this meeting include:

Where you would like to receive your guests?

When would you like to cut the cake?

In which order will the speeches be made?

Cake stand and table, present table?

Music and entertainment arrangements along with timings?

When will the cake, favours and place cards be delivered?

Guest accommodation requirements?

Four weeks prior to the wedding reception, we need to receive your final numbers. A pro-forma invoice will then be prepared.

Two weeks prior to the wedding reception full payment is required. We will then arrange a final detailed appointment to go through all your details one last time.

We are always asked about wedding etiquette, and whilst we can offer you advice about the traditional formalities of weddings, it is very important to remember that this day is your chance to indulge in what you want and really is a day that should be all about you.

However, whilst organising a wedding can be very exciting, it can also be very daunting and sometimes you do not know where to start.

We have therefore put together a list of the most popular things we are asked about with details from people who have all worked with us in bringing to life the hopes and dreams of our couples.

We have not featured any live entertainment, as this is something that is personal to the tastes of the individual. We do however, have an excellent resident DJ that we offer at a very competitive rate.

## *It's now time to start organising the rest...*

## Beauty & Fragrance

The flowers are of course another very important part of your day. Many of the wedding flowers used by The Yorkshire Dales Flower Company are picked from their garden, where each season brings new flowers. Daffodils, Tulips, Bluebells and Hellebores are some of the flowers found in spring, whilst in summer Sweet Peas, Peonies, Roses and Dahlias are just a few of the delights the garden has to offer.

This means their bespoke wedding flowers are truly special offering designs natural in style, whilst paying attention to detail. Focusing on the theme of your day, whilst offering expert and friendly advice.

Initially you would have a free consultation at The Yorkshire Dales Flower Company, or a mutually convenient place, to discuss your wedding flowers from which an individual quotation would be prepared tailored to your requirements, ensuring perfect flowers for your wedding day.

## Finding the one!

One of the biggest decisions is choosing the dress and at Amelia's, it's all about The Dress. Joanne and Kelly believe it carries a responsibility all of its own. Infusing you with confidence, complementing your style and expressing your personality; it has to do the job that no dress has ever done before... make you feel like you are the most beautiful woman to have ever walked this earth.

Amelia's believe the pursuit should be one of the most memorable experiences, prior to the actual day itself. Whatever your budget, style or theme, choosing your dress should be relaxed, exciting and magical; it should leave you walking on air and feeling completely indulged.

Your dress is the dress of all dresses, the crème de la crème, what dreams are made of and of course the centrepiece of photos that will live on forever; at Amelia's Bridal Boutique we know, like the groom, it's got to be The One.

We have two family run bridal boutiques. We offer an extensive collection of bridal gowns, bridesmaids dresses, mother of the bride/groom attire, menswear and accessories in our Clitheroe boutique. Whilst in our Skipton boutique we have a stunning collection of bridal gowns and accessories.

## On Cloud Nine

You might have considered balloons as a centre piece for your tables but there are many other ways in which they can create fantastic focal points. The sculpture of such creations is a true art form, encompassing dramatic pillars, arches and cloud nine balloon clusters, which make a great backdrop for the top table.

Not only do these striking creations catch the eye but they also can have great practical uses. You may wish to welcome your receiving line through a balloon arch or use pillars to divide the room. You may decide to go for something a little different with hot air balloon centre pieces carrying the favours for your guests in their baskets.

Helium, based in Keighley are a small independent business specialising in creative balloon arrangements, balloon decorations and balloon printing.

Helium can also now offer an illuminated backdrop, small and large illuminated love signs and a vintage pillar box for those extra special touches.

Plus for children, young and old their fabulous sweetie cart is perfect for any occasion.
